Glitter Jar

Supplies

Jar
Boiling Water
Clear Glue
Vegetable Glycerin (Optional)
Fork
Food Colouring
Glitter, lots of it and then even more!

1. Ask an adult to help you boil the kettle
2. Fill $\frac{1}{4}$ jar with boiling water
3. Add $\frac{1}{2}$ container of clear glue
4. Add 2 tsp of vegetable glycerin (Optional: This will help the glitter float)
5. Stir and then
6. Add food colouring and glitter
7. Top jar up with hot water and stir again
8. Glue the lid shut (Optional: but would highly recommend)

****CAUTION**** Wait for your hot water to cool before you shake your jar.

Wake up every morning and give your jar a big shake! Then as you watch the glitter float around, pray and **thank God** for His great love that is new every morning (Lamentations 3:22-23)
