

In the holidays, we come together...

Holidays are a great time to spend extra time together as a family! In the following pages we have some Everyday Faith activities that we encourage you to do as a whole family!

*We want to encourage you to live everyday in
the Word,
Worship,
Prayer*

*& to remember and share
what you're learning and where God is at work.*

*These activities can be done more than once too, so you can keep them in
your bank of things to do when spending time with God together as a
family!*

&&& HAVE FUN!

Kate & Olivia

KIDS**

Catch It!

You'll need a:

Bible,

Ball

& Pen.

1. Read Daniel 6 together
2. Choose your favourite verse from what you read
3. Choose someone in your family to write this verse somewhere it can be seen
4. Throw or pass a ball to each other
5. When you receive the ball, say the next word of the verse

For the little ones: recall the story about Daniel! As you pass the ball ask what happens next. You can repeat this with as many bible stories as your fun continues for!

KIDS**

Write it!

Why not write your own song of worship to God?

Go to a quiet place & think of why you're thankful to God. Maybe write down a few of those things. Why not get out your bible and write down one of your favourite verses.

You can use all these in creating your song.

For the little ones: an adult can help you! Maybe it is taking a well known nursery rhyme

& inserting the words that you would like to sing to God!

Have a go! Have fun!

Jesus loves hearing you sing!

Make It!

Follow Kate's crazy craft from this week's service and then write a prayer inside your hands.

1. Trace your left hand on right side of the page (or get someone to trace your hands for you)
2. Swap hands! Trace right hand on left side of page, making sure your hands are joined together on the page.
3. Cut around the outside of your hands
4. Draw and decorate a lion's face
5. Fold your lion in half.
6. Carefully draw the outline of your hands on the other side of your page.

Now take a moment to talk to God. Remember how Daniel prayed when everything was changing around him, you can pray just like that too!

7. Write down a short prayer to God or ask someone in your family to help you write it down.

Speak It Out!

God loves to help us and we can trust Him even when everything around us is changing.

1. Find someone in your family that you can talk about change with
2. Share with each other how you are feeling about COVID
3. Share with each how the restrictions make you feel
4. Then pray for each other
